</table>
Save does two things:
1) Notifies law enforcement via email that the kit is ready to be picked up
2) Activates the survivor’s account
Non-Responsive LEAs

If the LEA has not picked up the kit...

• Contact the LEA directly – do not rely solely on the Track-Kit notification
• If they are still non-responsive, contact DPS
• DPS will contact LEA to explain their statutory requirement to pickup the kit in 7 (possibly 14) days

If the LEA has picked up the kit, but not updated Track-Kit...

• Contact DPS
• DPS will contact LEA to explain their statutory requirement to enter the pick up information into Track-Kit
Track-Kit Updates & Changes

New Build: Week of July 20th
Version Upgrade: Estimate September 1st

Changes in the new version...
• Allow storage for non-reports to be federal/military LEA
• Email notification to users that account is about to be disabled due to inactivity

Improvements being considered...
• Add Field for Medical Facility to enter LEA case#

### Sexual Assault Exam Request Decision

(LEA must certify, using the check boxes, whether a sexual assault exam was requested or declined.)

**Request**

- [ ] I certify that the listed LEA **requested** a sexual assault exam for an assault reported within 120 hours of the assault under **Article 56.06 (a-1)** or outside of 120 hours of the assault **and the LEA considered the exam appropriate under Article 56.06 (b).**

**Decline to Request**

I certify that the listed LEA **declined to request** a sexual assault exam because:

- [ ] The LEA could not obtain consent of the victim, a person authorized to act on behalf of a victim, or an employee of the Department of Family and Protective Services **[Article 56.06 (a-1)]**
- [ ] The person reporting the sexual assault has made one or more false reports of sexual assault to the LEA **and there is no other evidence** to corroborate the current allegations of sexual assault **[Article 56.06 (a-1)]**
- [ ] The sexual assault was not reported within 120 hours of the assault **and an exam was not considered appropriate** by the LEA **[Article 56.06 (b-1)]**
